

## e-Paystub Delivery

Electronic Paystub Delivery Service

### Why e-Paystub Delivery?

**Simple & Easy!** : Our automated system delivers secure Paystub directly to employees' inboxes on payday.

**Security:** Industry leading secure encryption ensures your employees' confidential information is protected.

**Convenience** : Online archive allows employees to view and download prior Paystub securely from any internet accessible device

**Go Green!:** Save time, reduce paper & clutter, while also helping the environment.

### How to get started:

SDP will handle the initial set up and provide you with the tools needed for a successful roll out. All we need is a list of employees and their e-mail addresses -we will take care of the rest. Contact us at (909) 946-2032 to get started today or visit us at: [www.SDPPayroll.com](http://www.SDPPayroll.com) for more info!

### How it works:

SDP e-Paystub allows you to save time, money, and paper by taking advantage of fully automated electronic Paystub delivery.

- A password protected Paystub will be delivered electronically to your employees on payday.
- e-Paystubs can be accessed from any internet capable device ( PC, Mac, smartphones, tablets, etc).
- As an added benefit, our secure online archive allows easy access to prior e-Paystubs for up to 12 months, providing more convenience for your employees and less administrative work for your payroll department.
- This service also allows you to remain in control by granting administrators access to manage delivery rules, employee information, and communication preferences for your company.
